**Are you...**  
Informed and inspired  
in your role?

**Do you  
need to...**  
Grow your team's  
knowledge and  
understanding of NQF  
and EYLF?

# PROFESSIONAL LEARNING PROGRAM

Community Child Care Co-operative understands that:

- the early education and care sector needs access to a range of different types of professional development and training courses
- training must be cost-efficient, timely and flexible.

**Our Professional Development and Support (PDS) team offers a range of professional learning opportunities for children's services to support their provision of high quality early education and care.**

## We can facilitate your professional development

- At your centre or a local venue
- In our training room
- By webinar
- For an individual service
- For a group of services

**Professional development is listed under 7 broad program areas which reflect the Quality Areas of the NQF:**

- Engaging with children and families
- Engaging with your team
- Engaging with children's learning
- Engaging with quality assurance
- Managing your service
- Managing yourself
- Nationally Accredited Training

Call us today on
